

Magazines w/o US Rights are crossed off

Ongoing Publications & Magazines

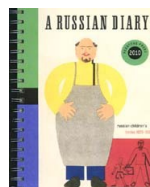

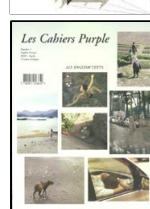

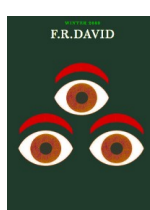

Alongside the wholesaling and distribution of specialised books and catalogues, Idea Books also distributes a variety of magazines. We treat these magazines in the same way as we do books.

This allows us to stock one-off and infrequent magazines alongside more regular publications without giving them a specific use by date. Customers also have the option of placing a Standing Order (SO) for magazines that appear on a regular basis. This system ensures that copies of a particular magazine are automatically sent out as soon as they are available for distribution.

If you have any further enquiries about magazines and ordering please contact Idea Books.
